## It'll be up a lazy (but swingin') river May 1st

. . . . when River Pilot Chuck Clarkson (1980 PIP Chairman) and Helmsman Gordon Benoit (UEPD host for the event) get the first of the Go-For-The-Gold quarterly recognition events underway with a syncopated beat.

Guests will be the most productive Cost Improvers and Suggestors between January 1, and April 11, in both dollar value and number. Generally, this means one or more approved CI's worth \$25,000 or more, or three or more CI's totaling at least \$5,000.

Qualifications vary from quarter to quarter depending on the submissions received, but invitations for two will go to those: submitting the 53 CI's and the 16 Suggestions producing the biggest savings; to up to seven whose CI's are judged especially innovative or meritorious; to all customer-approved VECF participants; and to all individual VIP's.

### WHY ARE THESE MEN MEETING AT THE HOTEL SYRACUSE?

What are UEPD Host Gordon Benoit, left, and PIP Program Manager Bill Poorman, right, saying to the Hotel's Banquet Manager, Van Sterio, 2nd from left, and Cal Custer, Resident Conductor of the Syracuse Symphony (and organizer of the hottest new Dixieland group in town)? Qualify for the May 1 PIP recognition event and get the answers while you and your guest enjoy a memorable night on the town.

## PERFORMANCE IMPROVEMENT PROGRAM

### You can hoard it . . . .

. . .or you can trade in your 1980 Go For Gold Performance Improvement Program "Gold Medal" coupons at the Employee Store for the merchandise listed below. (And 1979 "Claim Checks" can also be used until March 29.) . . . . Nothing on the list turns you on? Elaine Conners (FRP 1-C2) or Rosemary Love (CSP 3-18A) will exchange coupons for Gift Certificates for the purchase of anything else at the Store.

See the Go For Gold-PIP brochure distributed last month (call Kim Moskal X4498 for a copy) for Merchandise Award specifics.
